

Dear Lawmakers,

I am opposing the bills SB568 and HB6423

With risks, there should always be a choice. Taking away the religious exemption will then take away the choice for parents to provide the best care for their children. This Bill, is discriminatory to those of faith. Those of us, who have the protection from the constitution to practice and exercise our faith. This includes in the way we raise and educate our children. This Bill, strips us from the sacred right in caring for and raising our children the way God has ordained us to.

This Bill will hurt, and alienate an entire group of children who are and have been attending school without any issues. Not every parent has the ability to homeschool their children, and causing that hardship for parents is not fair. This is segregation.

You will hear testimony after testimony from people from all faiths, and walks of life opposing these bills. All with different reasons but with one common ground, this country was founded on religious freedom. This is the UNITED STATES OF AMERICA a free nation and A nation under God.

We are free.

Thank you and God bless

Maria Pagan Acevedo
